Jack Russell Terrier

2022

My thanks to the Committee of Paignton & District Fanciers Association for the invitation to Judge Jack Russell Terriers at this very well run and organised Show. My thanks also to my two very able Stewards who kept things running smoothly. Thanks also to everyone for their entries and bringing their dogs before me. Movement on the whole was very good, back movement in particular has improved immensely in our breed which is very pleasing.

Special Beginners Dog 1

1. Chugg, Ms L - Chatmoss Chaterbox at Tufterslodge

Pleasant, masculine head, flat skull, correct eye and earset, scissor bite. Good clean neck, front a little upright. Well boned straight front legs with good feet. Easily spannable, this boy is slightly longer cast but held his topline well, pleasing tailset and carriage. Moved well in all directions once settled, well handled.

Puppy Dog 3 (1)

1. Manson, Ms D – Vixenview Kojak

9.5mths Attractive youngster, good for overall make and outline, well balanced in front and rear with good height to length ratio. Flat broad skull, well placed ears of correct shape and size, good stop, dark eyes, strong muzzle. Strong neck into well placed shoulders, spannable. Moved soundly with purpose. Pleased to award him BPD and BPIB

2. Mitchell, Miss E – Pigeon Post

11mths. Masculine head with good earset, dark oval eyes, correct bite, slightly longer in muzzle. Well angled in front, legs well boned but could be slightly straighter. Body length longer than the ideal length to height ratio, spannable with firm topline. Movement ok out & back, good sidegait with plenty reach.

Junior Dog 0

Yearling Dog 3

1. Connelly, Miss D – Lovely-Orange Deep In My Mind

Black/White boy full of terrier character. Strong, masculine head, dark alert eyes, correct earset and carriage. Under all the furnishings, there is a very nicely made dog. Well balanced, spannable, firm topline, good tailset with plenty rear behind the tail. On the move he was sound in all directions and powered round the ring. Good harsh coat & pelt, would just like to see him in a tighter strip to fully appreciate his outline and qualities. RBD

2. Wagh, Mrs & Mrs D & D - Rodale Rocky Road for Dewdhala

Attractive masculine head, with pleasing properties. Lighter made and taller on the leg than 1ST place. Strong neck, angles ok, straight front legs with good feet, spannable, firm well held topline with correct tailset and carriage. Good harsh jacket. Moved well in all directions and showed well, but just preferred the overall balance of the class winner.

3. Turton, Mrs P A – Whistlewood's Superman Inside for Shiroblam

Open Dog 5

1. Witmond, Miss A – Tiltser Manhattan

Liked this boy for overall shape and outline. He is balanced in front and rear, with good body proportions, oval in chest with spannable rib, short muscular loin and holds his topline both standing and on the move. Attractive masculine head with flat skull, strong muzzle, correct scissor bite, if I had to change anything, I would give him a slightly darker eye, but that's just being picky. He moved with an easy, straight action and was sound in all directions. Presented in excellent coat and condition. Happy to award him BD

2. Corbett, Mrs Ann & Rosell, Ms S – Soletrader On Your Marks

Top sized dog, well proportioned with a lot to like. Masculine in head with alert expression, good pigmentation, scissor bite, correct ear set. He displays a strong clean neck, with well angled front, straight front legs, well sprung oval ribcage, strong short loin. Strong, muscular rear quarters with high set tail and good carriage. This boy is extremely sound and covers the ground well, would just like him in a smaller size.

Parson Russell Terriers

It is always a delight to judge at one of my favourite shows. Such a lovely Devon welcome, a laid back atmosphere and a committee who have the exhibitors at heart. Glorious weather made for a grand time for all. I hope everyone enjoyed it as much as I did. Thank you to all the exhibitors for preparing their dogs, the expense and time to put them forward for me to judge and I hope you enjoyed your day. It was a great entry and the overall standard of the dogs and bitches was good and bodes well for the future. No bad mouths, excellent temperaments and the majority were easily spanned. Coats in general were good.

First I would like to thank Paignton committee for inviting me to judged at their show and for the exhibitors for entering under me, I showed the breed for a little while as did my daughter and both of us done well, I have judged this breed a good few times with CCs in the UK almost as much as I've judged my own Kerry Blues, I also judge them as a FCI judge all over the world so I get to see quite a few, I also like when I judge in the UK more often than not I hear I gave this ones dad or mum a CC before so that's always nice to hear and know, I see afterwards I gave the same kennels all the major wins, I just judge dogs and this happens rarely but if they are the best on the day they are the best.

19 months so just out of junior but super dog with a bright future, very impressive, looks and acts like a terrier, I know I said looks like a terrier, but I'm sorry to say so many these days are standing like statues with no terrier look and I mean terriers generally not this breeds so yes I like to see a terrier be a terrier, super bone and excellent front. Great substance, could be maybe a little better in skull but that could improve with age and time, super topline and well set and well used tail set standing and on the move correct in chest never judged him before and understand has 3 RCC should become a CH soon, but today well deserved CC and BOB
